7/13 memo to Messrs. Thornburgh and Shaheen from the AG: I would like both of you to review the Church Committee report on the assassination of Pres. Kennedy to determine what, if any, investigative steps the Dept. should take in light of the information contained in the report. After consulting with one another, could you make a recommendation to me on how we should proceed on this matter.

By mess. to both

8/26--Memo to the AG from Messrs. Shaheen and Thornburgh responding to AG's request. It is their opinion that no info contained in the report warrants further over

investigative steps by either OPR or Crim. Div.
